Say NO to Drugs, YES to Life!

Colour Matching Rubber Band Activity

The tiny-tots of Darshan Academy, 5th Mile put the same coloured rubber band on the same coloured ice cream stick. The activity helped children enhance their colour recognition, fine motor skills, hand-eye coordination, concentration, and cognitive abilities. By stretching and placing the rubber bands onto the matching coloured ice cream sticks, students strengthened their finger and hand muscles, an important step in developing pre-writing skills. The activity also encouraged matching, sorting, problem-solving, and logical thinking through hands-on learning.

School Bag Cleanliness Competition

The activity was a simple yet meaningful reminder that being organized begins with taking care of the things we use every day. Proud of our students for participating with enthusiasm and demonstrating that good habits are built one small step at a time!
